

# FAST CODEV 7 STEPS PROCESS

## PREPARATION OF WORKSHOP TOPIC

Everyone announces his/her concern, project or problem the topic has to take place here and now (not in the past)

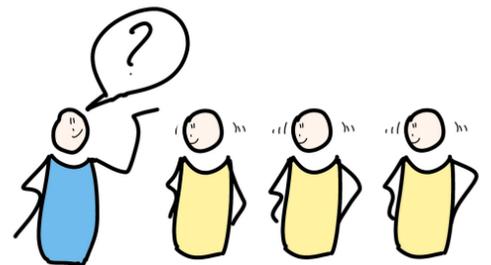

8'

## PRESENTATION

The client answers the question "what do we have to know to help you?".

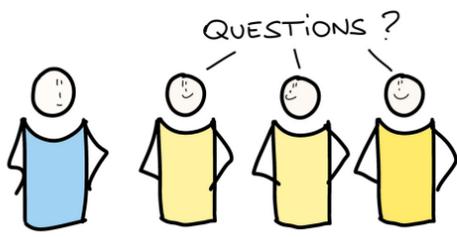

He gives the relevant details of the situation.

The consultants remain silent and listen actively.

CLARIFICATION

## CLARIFICATION

The consultants are asking open questions such as

"what?" "who?" "when?" "what did you do so far?" ...

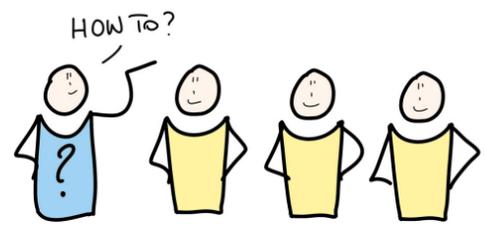

Questions serve a better understanding of the situation

10'

## CONTRACT

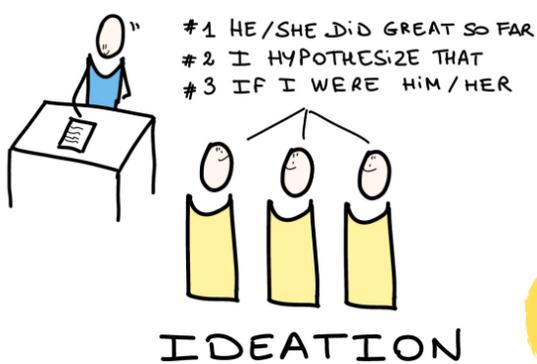

The client answers the questions "how the consultants could help you here?" "what are you expecting from the group?"

Everyone is understanding the request and willing to work on it.

IDEATION

15'

## IDEATION

The client moves and write down everything he receives.

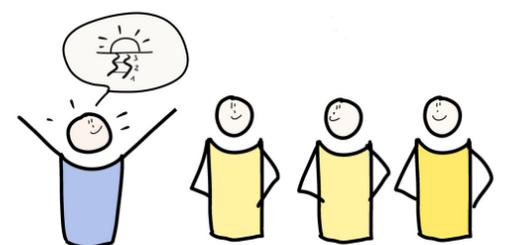

First, the consultants are giving appreciative feedback to the client. Second, the consultants offer a hypothesis. Third, the consultants offer a solution.

## ACTION PLAN

The client takes time to think and elaborate an action plan.

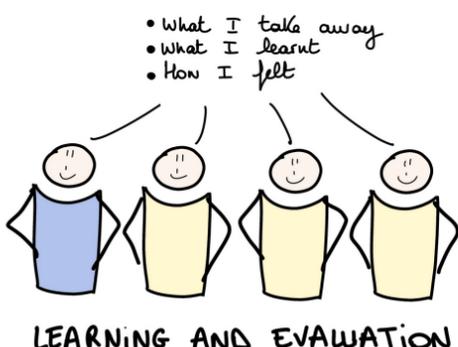

He presents the potential solutions he elected and the next step he will do.

The consultants remain silent.

## LEARNING & EVALUATION

Everyone is concerned here! Share and learn :

What is your take away?

What did you feel during the workshop?

What did you learn?

What could you incorporate in you daily work?
